

### FREE Spam Protection!

Quicksilver are very pleased to announce the launch of our new Spam Protection, which is FREE for all Quicksilver customers.

Quicksilver's Spam Protection uses a points system to score suspect emails coming in to your Quicksilver mailbox. If it scores over the threshold it is identified as Spam, and sent off to your Spam Vault where you can view it if you wish and delete it.

You can log into your Spam Vault in your webmail at <http://webmail.quicksilver.net.nz>

Spam in your Spam Vault will be automatically deleted after 14 days.

All Quicksilver customers will automatically receive this service free from 30th October, along with our free Antivirus Protection.

### New Look Webmail

Along with our new free Spam Protection service, we're pleased to launch our 'new look' webmail.

Log in to our webmail to check your Quicksilver email from any computer, and to view junk email in your new Spam Vault.

### Nachi/Welchia Worm

Quicksilver have worked hard this month on helping customers infected with the Nachi/Welchia worm clean their computers. The Nachi Worm can drastically slow down an internet connection on the infected computer, and generates a large amount of traffic on our network, slowing things down for everyone else.

A system was setup to alert customers who were infected, and give information on removing the worm. This was incredibly successful, and we're pleased to report a dramatic reduction in the numbers of infected customers.

We'd like to remind everyone of the importance of doing regular Windows Updates for your machine (<http://windowsupdate.microsoft.com>), running a Virus scanning program, and installing a personal firewall such as Zone Alarm to protect your computer.

### Slipstream Improvements

Quicksilver have launched a new version of Slipstream this month. Slipstream speeds up your Quicksilver dialup connection by up to 3 times on web browsing and email.

Features of the new version include;

- Increased compression speed
- Enhanced email acceleration
- Improved interoperability with third party programs (e.g. Norton & ZoneAlarm)
- Pop up blocker for web pages.

If you have a dialup account, and you'd like to try out Slipstream free for a month visit:

### Xmas Gift Vouchers

With approximately 8 weeks to go to Xmas, the dreaded Xmas shopping is approaching fast, and for those of you who prefer a stress free season, we're offering the perfect Xmas gift for your friends and family.

Quicksilver's Xmas Gift vouchers are available in \$25 or \$50 amounts, and can be redeemed against any of our products or services, from internet connections to tolls.

We'll even deliver the voucher in a special Xmas card, with your personal message, which means one less thing to worry about, and we'll include free delivery anywhere in NZ.

If you pay by Credit Card or Direct Debit, you can bill it to your Quicksilver monthly account.

#### Bonus Credit!

Order a Xmas Gift Voucher for a friend, and we'll credit your account, \$5 with a \$25 voucher, and \$10 credit with a \$50 voucher.

(Note: the bonus credit offer is available for Gift Vouchers purchased as gifts only. Gift Vouchers may not be redeemed on your own account)

To order your Xmas gift voucher, send email to [sales@quicksilver.co.nz](mailto:sales@quicksilver.co.nz) with details of where you'd like the gift delivered and your personal message.
